

Antietam Lake is Saved!

Let's Save the Valve House!!

The Citizens of Berks County have spoken!

As a gesture of gratitude to our Berks County Commissioners for preserving Antietam Lake as a fishing and recreational park, the Friends of Antietam Lake encourage the people of Berks County to make a donation to help restore the valve house to its original beauty as the historic symbol of the lake.

Time and neglect have been unkind to the valve house. The roof has been the nesting site for Canada geese for years and today is covered with damaging vegetation. The stone walls are desperately in need of repair. Its foundation needs to be evaluated and stabilized.

To the fishermen, nature lovers, hikers, bikers, joggers, horseback riders, dog walkers, bird watchers, geologists, biologists, orienteers, poets, painters, photographers, Boy Scouts, Girl Scouts, 4-H members, students, historians, arborists, philosophers, families, and those who just enjoy driving around the lake.....

Let's pull together and help Save the Valve House!

I wish to contribute to the PRESERVATION of ANTIETAM LAKE'S VALVE HOUSE
